

Maplewood Public Library & Richmond Heights Memorial Library

After Hours Teen Café

Think you can DJ?

For teens from 11– 16 yrs old.

The workshop will explore the art and science of DJing. Turntablism, or DJing, is the art of manipulating sounds and creating new music, and is one of the pillars of hip-hop. In this workshop teens will learn all about DJing, from the music history, culture, and theory of scratching to production, spinning to composition. Participants will gain skills such as how to scratch a beat, how to beat match, and how to make a party mix.

Friday, June 14th 7- 8pm

at the Maplewood Public Library

Participation is limited so call the Library to pre-register.
