

THIRD TUESDAYS AT THE LIBRARY

“St. Louis: An Illustrated Timeline, 2nd Edition”

With vignettes and vintage photographs, *St. Louis: An Illustrated Timeline, 2nd Edition* takes a wide-angle look at the story of a fur-trading outpost that grew into a major American city. The second edition delves deeper into the mix of politics, personality, and culture that make up the Gateway City. Building on the award-winning first edition, new research reveals how the entire city came together for the best World’s Fair of all time, as well as why forces of racism aligned in Ferguson. New tales of visionaries such as Gyo Obata, who escaped Japanese internment camps by studying here and created the country’s largest architectural firm, and Dwight Davis, who fashioned Forest Park to embody his belief that athletics develop character, enliven these pages. Guided by historian Carol Shepley, we meet legends of sports, entertainment, and crime. Heroes and villains, saints and rascals, innovators and obstructionists, all have shaped this city. A fifth-generation St. Louisan, **Carol Ferring Shepley** was inspired by stories her parents and grandparents told. Carol is an award-winning author, has taught art history at Maryville, written art criticism for the *St. Louis Post-Dispatch*, and has researched financial issues for *Money* magazine.
