Many of us think we may be Irish and we celebrate as if we are. For many of us, that heritage is real. But how do we go about finding our ancestors and learning their rich history to pass down to future generations?

Irish research can be difficult but this class will give you a few tips and tricks on getting started with Irish research. Kathy Wurth is a genealogical researcher and lecturer with over 30 years of experience.

She is the owner of Family Tree Tours, a genealogy and heritage travel company.
