Independent Auditors' Report

We have audited the accompanying financial statements of the governmental activities, and each major fund of the Maplewood Public Library, as of and for the year ended June 30, 2005, which collectively comprise the Library's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Maplewood Public Library management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Maplewood Public Library, as of and for the year then ended June 30, 2005, in conformity with accounting principles generally accepted in the United States of America.

As described in Note 1, the Library has implemented a new financial reporting model, as required by the provisions of GASB Statement No. 34, Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments, as of June 30, 2005

The management's discussion and analysis and budgetary comparison information on pages 1 through 3 and 16 through 17, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Maplewood Public Library basic financial statements. The introductory section is presented for purposes of additional analysis and is not a required part of the basic financial statements. The fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.
